

Entering into Belonging: Group Discussion Questions - Week 8

Welcome:

Can you think of a group or organization you have belonged to that has shaped how you live? (examples could include: athletic teams, working in a residential environment like a camp, scouting, a birthing class ...)

Interact:

Where would you put yourself on this continuum of why you come to Imago

Community

Affinity

Word:

In the video Eric says the church is the people of God gathered locally and spread globally.

Global Church

- Do you feel like you are part of the people of God globally? Why or Why not?
- What do you think are some of the costs of believing to God's people globally?
- How would gathering as and belonging to a community encourage you to sacrifice for the sake of others?

Local Church

- What are some ways that Imago seeks to bless Portland?
- Do you see yourself as part of being sent as a blessing to Portland through Imago Dei?
- What are some ways you can envision and pray for God to use Imago as an agent of redemption?

Closure:

Spend some time in your group asking God to use Imago to:

- transform those who attend into a covenant community
- bless Portland as we practice our common faith as a scattered people
